

2010 Certified Practitioners' Practicum June 17-18, 2010

The Connective Leadership Institute is pleased to announce a two-day Certified Practitioners' Practicum on applications of the Connective Leadership and Achieving Styles Models. This invitational Practicum is designed to build on the knowledge acquired in the January 2010 Certified Practitioners' Seminar.

We also welcome Practitioners certified in earlier Connective Leadership Institute seminars who would like to refresh their familiarity with the Connective Leadership and Achieving Styles concepts, instrumentation, and learn about new developments. The Practicum provides an excellent opportunity to connect to the growing international Connective Leadership Network.

The Practicum will focus on interpreting the results of the *L-BL Individual and Organizational Achieving Styles Inventories*, as well as the *Achieving Styles Situational Assessment Technique (ASI/OASI/ASSET)*. In this Practicum, we shall also design leadership interventions based on organizational diagnoses and develop strategies for communicating results to clients.
